

REMARKS

Applicants respectfully request the entry of the present amendment. The present amendment corrects several informalities found within the specification. In particular, the headings and subheadings have been amended so that they are consistent throughout the specification.

The amendment is needed so that the headings are consistent with each other and do not distract or cause confusion for the reader of the patent.

The claims are not amended. Therefore, no additional search or examination is required.

As the claims have not been changed, the claims remain patentable.

The changes in the specification were not presented earlier as they have just recently been brought to the undersigned's attention.

In view of the above, applicants respectfully request entry of the present amendment.

The Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any

overpayment to Deposit Account No. 25-0120 for any additional fees required under 37 C.F.R. § 1.16 or under 37 C.F.R. § 1.17.

Respectfully submitted,
